

VAGINALKAPSELN REDCARE

VAGINALKAPSELN RedCare

PZN: 17521447

Inhalt: 12 St

Hersteller: nu3 GmbH

Zweckbestimmung

Vaginalkapseln RedCare is a medical device for the treatment of vaginal complaints. It is used in case of itching, burning sensation, excessive of vaginal discharge with an unpleasant odour, vaginal irritation and infections. Vaginalkapseln RedCare helps restoring the natural physiologic intravaginal conditions thanks to the Lactobacillus acidophilus, normally present in healthy vaginal microflora, which inhibit the adhesion and growth of pathogens. The product is an adjuvant in the treatment and prevention of phlogistic and dystrophic vaginal mucosa diseases (such as bacterial vaginosis, vulvovaginitis, mycosis vaginitis and recurrent vaginale infections).

Zusammensetzung

Microcrystalline cellulose, hypromellose, talc, lactobacillus acidophilus vysk8 70 mld, polyacrylic acid, spiny restharrow dried extract (ononis spinosa), cranberry juice dry, lactic acid, titanium dioxide, calcium lactate, magnesium hydroxide, silicon dioxide, calcium phosphate
